## School Profile 2018 - 19

The **Dominican International School** is a private, English medium, Roman Catholic school in Taipei City, Taiwan, established in 1957. The Religious Missionaries of St. Dominic own and manage DIS. ## Five-Year Score Summary

## English for Academic Purposes

DIS offers an EAP program for grades 9 and 10. This program supports students who enter DIS with a need for English proficiency development.

The EAP course is student-centered and activity-oriented, offering students ample opportunities for listening, speaking, reading, and writing, with a sharper focus on enhancing academic language skills. Skills development is aimed at upgrading the student's English proficiency.

## Extra-Curricular Activities

DIS makes extracurricular activities available as an extension of the regular school program. DIS Athletics offers 6 sports in which students can participate and compete on an international school level.

There are 14 clubs for student participation. The MUN, GIN and World Scholar's Cup organizations are very popular and students perform well at international competitions and conferences every year. Athletics also offers an after school training for soccer for LS, aside from MS and HS regular soccer training. Every Friday, MS/ HS students and teachers/coach have a friendly game in soccer; this serves as training and at the same time, builds friendship and interpersonal relations among students and teachers. TEDx DominicanIntlSchool holds annual conferences. The Student Council serves as a bridge between the student body and school administration, faculty and staff.

## Service Learning Program

The Service Learning Program (SLP) aims to contribute to the Dominican International School's mission of broadening and enriching the High School experience by enabling the student to be an active participant in the community. High school students aim to complete more than 100 service hours in their four years at DIS.

Accrediting Commission for Schools - Western Association of Schools and Colleges (ACS WASC) accredited DIS for six years, until May 2023.
